clouter of the Nationals, having clubbed his way into the select class since he broke into the game as a regular catcher. By consistent hitting Williams has landed up wih the stars, and leads the Nationals in batting.

Owing to their good work with the stick since last week, Gandil and Laporte still are to be found in the .300 class, with Zeb Milan trailing. There is no doubt that the Tennessee flyer will better Cobb's base-stealing record by many before the season is over.

through the year, and know about what they have done. To refresh your memory, I will add that out of thirtyseven series played against rival clubs, they have won twenty-six, lost ten, and tied one. SOME winning is right. Yes, I know I said a mouthful. On the other 425 points. hand, I wonder if you have considered the case of the Giants' October rivals? "On the 4th of June Cleveland tore off the series from

this club by grabbing three games out of four. But get this one-from the 4th of June to the date upon which they cinched, clamped, or sewed up the flag, these Red Sox won twenty-four consecutive series-tearing the American League wide open without a pause. In twenty-four series, against seven rival clubs, embracing eighty-eight games at home and abroad, they were neither tied nor beaten in one of the twenty-four. Cleveland yesterday stopped them again, but the flag race was over and the strain at an end.

The best of the line men appear to be Emerson and Kennedy, strong, active follows, weighing about 180 pounds apiece. Emerson played tackle last year on the Dartmouth freshman eleven, and Kennedy has also had previous experience. Wessel, Failing, Vall and Grosskopf have done good work in the backfield. Wessel has made quite a reputation with the bam of Virginia Military Institute. He punts well and nas been playing at quarterback in the signal drills and formations. Failing is a big fellow and should make a halfback of the plunking type.

The main squad will report Monday afternoon and there will be about ten days during which the coaches will have no interference with their work.

A Cure From The Forest

Nature in her wisdom and beneficence has provided, in her great vegetable laboratory, the forest, a cure for most of the ills and ailments of humanity. Work and study have perfected the compounding of these botanical medicines and placed them at our disposal. We rely upon them first because of their ability in curing disease, and next because we

can use them with the confidence that such remedies do not injure the system. Among the best of these remedies from the forest is S. S., a medicine made entirely of roots, herbs and barks. It does not contain a particle of harmful mineral. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Malaria, Skin Diseases, Contagious Blood Poison and all other diseases dependent on impure blood. As a tonic S. S. S. builds up the system by supplying a sufficient amount of vigor and nourishment to the body. S. S. S. always cures without leaving any unpleasant or injurious effects.
